

**24-26**

**April 2025**

**Barcelona, Spain**

**International Conference on  
Wave Equations, Optical  
Engineering and Quantum  
Mechanics (ICWOQ) 2025**

**Theme: “Exploring Interdisciplinary Frontiers: Wave Equations, Optical Engineering and Quantum Mechanics”**

## About the Conference

The International Conference on Wave Equations, Optical Engineering and Quantum Mechanics. This conference serves as a premier platform for researchers, scientists, engineers, and practitioners to discuss recent advancements, exchange ideas, and explore emerging trends in wave equations, optical engineering, and quantum mechanics. It will provide a platform to discuss futuristic advancements in these fields. It is a global gathering that attracts participants from the wave equations, optical engineering, and quantum mechanics research communities worldwide.

## Conference Sessions

1. Nonlinear Optics and Ultrafast Phenomena
2. Wave Propagation and Acoustics
3. Optical Engineering and Photonics Applications
4. Quantum Information Theory and Computing
5. Fundamentals of Wave Equations and Quantum Mechanics
6. Quantum Electrodynamics and Particle Physics
7. Optical Metrology and Imaging Techniques
8. Quantum Optomechanics and Quantum Sensors
9. Quantum Biology and Biophotonics
10. Emerging Trends in Quantum Technologies

**Call for Abstracts:** Please submit your abstracts for oral and poster presentations by scanning the QR code below. Share your insights, research findings, and innovative solutions that contribute to advancing the conference theme.

## Conference Schedule

### Day 1 - Sessions

08.00-09.00	Registrations
09:00-09:30	Opening Ceremony and Introduction
09.30-10.30	Keynote Session I
10.30-11.00	Refreshment Break
11.00-12.30	Keynote Session II
12.30-13.30	Lunch
13.30-15.00	Break Out Session I
15.00-15.30	Refreshment Break
15.30-17.00	Break Out Session II

### Day 2 - Sessions

08.00-09.00	Keynote Session III
09:00-09:30	Photograph Session
09.30-10.30	Refreshment Break
10.30-11.00	Break Out Session III
11.00-12.30	Lunch
12.30-13.30	Poster Presentations
13.30-15.00	Refreshment Break
15.00-15.30	Break Out Session IV
15.30-17.00	Awards Distribution and Closing Ceremony

## Why Attend our Conference?

- Gain insights from renowned speakers and thought leaders.
- Network with peers and establish valuable collaborations.
- Showcase your research and innovations.
- Explore opportunities in the rapidly evolving field of plastics recycling and waste management.

## Benefits of Participation

Participating in a conference can offer several benefits depending on your role. Here's an overview of the benefits for speakers, delegates, and Organizing Committee Members (OCM):

### Benefits for Organizing Committee Members (OCM):

1. Gain experience in organizing a large-scale event, including logistical planning, communication management, and problem-solving.
2. Interact closely with speakers, delegates, and sponsors, fostering relationships that can lead to future collaborations or partnerships.
3. Enhance skills in project management, teamwork, and event coordination, which are valuable across various professional settings.
4. OCM members are often recognized and acknowledged during the conference, enhancing their professional reputation within the community.

### Benefits for Speakers:

1. Presenting at a conference allows you to showcase your expertise to a targeted audience of peers, researchers, and industry professionals. It's an excellent opportunity to network and establish connections with potential collaborators or employers.
2. Receive feedback on your research or presentation from experts in your field. Recognition as a speaker can enhance your professional reputation and credibility.

3. Engage in discussions and exchange ideas with other speakers and attendees. Conferences often facilitate intellectual discourse that can inspire new research directions or collaborations.
4. Presenting at conferences demonstrates your commitment to ongoing professional development and can enhance your CV or resume.

### **Benefits for Delegates:**

1. Attend presentations, workshops, and panel discussions to stay updated on the latest research and trends in your field.
2. Connect with speakers, researchers, and industry professionals to expand your professional network. Conferences often provide structured networking sessions or social events.
3. Gain insights into diverse perspectives and innovative approaches through interactions with fellow delegates and speakers.
4. Discover potential job opportunities, collaborations, or funding sources that can advance your career.

## Organizers

Scientific Research Conferences, in partnership with Advisory and Editorial Board members, organize global scientific conferences. Explore forefront research across diverse fields through keynotes, sessions, and networking. Connect with experts, share discoveries, and foster scholarly discourse. Register early and shape the future of scientific inquiry with us.

## Contact Us

For inquiries regarding sponsorship opportunities, abstract submissions, or general conference information, please contact [contact@srcmeetings.com](mailto:contact@srcmeetings.com) or visit our website at [www.srcmeetings.com](http://www.srcmeetings.com)
